(1) Basic requirements

5 academic and independently examined subjects are to be proven, of which:

- At least 2 (for medical courses 3) subjects in the Advanced Higher with grades A-D
- The other subjects in the Higher with the minimum grade C

(2) Subject-specific requirements

- **Art courses:** No subject-specific requirements
- **Humanities and law courses:**

  1 Advanced Higher from: Language or Social Sciences/humanities
- **Social sciences and economic/business courses:**

  1 Advanced Higher from the Social Sciences/humanities;

  1 Advanced Higher from: Mathematics, Biology, Chemistry, Physics, Computer Science
- **Science courses:**

  2 Advanced Higher from: Mathematics, Biology, Chemistry, Physics, Computer Science
- **Mathematical and technical courses:**

  1 Advanced Higher in Mathematics;

  1 Advanced Higher from: Biology, Chemistry, Physics, Computer Science
- **Medical courses including pharmacy:**

  At least 3 subjects in Advanced Higher from Mathematics, Biology, Chemistry, Physics, Computer Science

Courses that cannot be assigned to these disciplines: The admitting higher education institution decides on subject-specific requirements.

(3) Additional requirements

(a) Vocational subjects:

1 examination subject in higher education with vocational content can be taken into account in individual cases - after consultation of the recognition office with the ZAB - provided that the other 4 general education, independent subjects fulfil the requirements from point (1) and point (2).

(b) In assessing the Scottish Qualifications Certificate (SQC) - Higher / Advanced Higher, a total of at least 12 years' progressively higher school attendance is normally required.

****

Additional note from us: ***Business Studies*** *is considered a course with vocational content (see 3 a), this needs a special permission from the recognition authorities. We therefore usually recommend to take Economics instead.*
